

Christian Medical Association of India

Invites Christian healthcare professionals to be life members of CMAI. This is a unique opportunity for Christian healthcare workers to take a proactive role and support our work to make healthcare accessible to all

About us

CMAI is a national health NGO committed to promote a just and healthy society for all. It is the official health arm of the National Council of Churches in India and the National Association of Christian hospitals and of individual health professionals.

Our Members

340 healthcare institutions, 9000 individual members, including 4 medical colleges at Vellore, Ludhiana, Kolencherry and Karakonam

Our Projects

- Community Health and Development projects in tribal areas
- Community-based Health Insurance
- HIV/AIDS care and support including voluntary counselling centres
- Combating substance abuse
- Health of school children
- Trauma counselling and emergency relief in disasters

Our Consultancy Services

CMAI offers assistance to develop capacity in: Organisation development, Community health and development, Healthcare services, Education and Training, Communication and advocacy, and provides specialist knowledge in areas such as HIV/AIDS, Substance abuse, Palliative care and TB.
