Title : Managing Director

Company Profile: Bio Health World has specialized in manufacturing various health aid products using anions and far infrared rays since its establishment in 1991. We produce about 50 kinds of health aid products. We have exported our products to Japan and East Asian countries. In 2002, our products were designated 'Tourist goods' by Gyeonggi-do and we acquired ISO 9001 and FDA Agreement for user ware. We also hold several patents on our products and were recently chosen as a "Promising small & medium Export Enterprise".

Product Category : Health Aid Products
