Company Profile : Chandigarh Chemist's Association was established over 30 years back. This association delivers its services to the different segments of society with the help of mutual cooperation of all its members. The influential tasks & commitment to serve the civilization has made CMC a prominent part of the society. Over the years this association has grown from strength to strength & now developed as a premier association of North to safeguard the interests of chemists. "Chandigarh Chemist Association" is playing a vital role in the upliftment of Chemists & in AIOCD activities.
