MESSAGE

I am pleased to know that Medifest-2008, a Premier Medical Healthcare Trade Fair is being held from 5-7 December, 2008 at New Delhi, organized by Vantage Trade Fairs (P) Ltd., Chandigarh.

In this era of advancement, Indian Healthcare Sector has made a unique distinction and has become a popular medical tourist destination with huge rise in the number of medical tourists to the country. India is an interesting geography for several global drug majors who are attracted by the huge talent pool, scientific skills and cheap labour that has enabled Indian companies manufacture drugs at about a third of the cost in the West.

We have an International quality infrastructure including doctors, paramedics, hospital, labs and pharmaceutical industries. The opportunity is immense and it must be exploited for the betterment of our own people and economic development of the country.

I hope the three day Medifest event will play an important role to achieve the goal by exchange of ideas and networking among various State holders.

I wish the organizers and the Fair all success.

(Dr. Anbumani Ramadoss)
