

We are delighted to welcome you at Medifest, Premier Medical & Healthcare Techno Trade Event. Medifest is an ideal platform for whole medical fraternity and all those who are associated with healthcare sector to reach new horizons of effective cooperation.

It features stimulating discipline specific and multi-disciplinary sessions that make it possible for every healthcare associate not only to update their precise knowledge and its relevance in their workplace, but compliments the trade networking as well.

By means of this event, we want to create such a healthy environment which will advance the collaborations and cooperation not only in this nation, but across the boundaries too. And we expect entire healthcare industry to support us in this noble cause.

We are thankful to all of our exhibitors, visitors and other participants.
